

No. 03-14581/TC/2001.

Head Office,  
Motor Vehicles Department,  
Thiruvananthapuram,  
Dated: 26.04.2002.

CIRCULAR NO.6/2002

Sub:- M.Vs. - Building of Stage Carriage body on pick up lorry  
Chassis - Revised instructions issued.

Ref:- Circular No.1/2002.

The implementation of the Circular cited above has been assessed. Many reputed manufacturers/dealers in motor vehicles have complained that they are being put to unwarranted difficulties by insisting on excise chalans (gate passes), though they are complying in full with the statutory provisions relating to registration of vehicles and furnishing all documents as required under the M.V. Act and Rules. Therefore the matter has been examined. Normally details as to whether the chassis pertains to goods vehicles or to passenger vehicle, will be available in approvals accorded by the Transport Commissioner. Further the Registering authorities are expected to inspect and verify whether the vehicle to be registered conforms to the technical specifications certified by the Automotive Research Association of India. Therefore all required details of vehicles to be registered should be available with the Registering Authority and documents and application prescribed under CMV Rule 47, are produced. Therefore the directions contained in Circular No.1/2002, insisting on the production of excise chalans for the registration of vehicles are hereby withdrawn. Registering Authorities shall ensure that documents prescribed under CMV Rule 47, are invariably produced and vehicles properly inspected for ensuring that vehicles conform to specifications certified by the Automotive Research Association of India and ascertain whether the body is mounted on a goods vehicle chassis or a passenger vehicle chassis. In suspicious cases, manufacturers may be addressed by Fax for confirmation of required details and registration made thereafter.

Receipt of the Circular shall be acknowledged.
