Office of the Transport Commissioner,  
Thiruvananthapuram, dated: 26.3.1991.

CIRCULAR NO.12/91

Subj: - V.V. Motor driving schools use of vehicles of  
the school - instructions Re.. -

Ref:- Subj: Motor Vehicles ..... and negligent  
driving ..... causing death of human life

Clarifications on use of Vehicles of Motor driving schools for  
test and practice have been sought by some of the Licencers. As per  
C.W Rules the vehicles have to be available exclusively for the purpose  
of imparting instruction in the Training School.

In this connection the following clarifications are issued..

When a Motor Vehicle from a Driving School is drafted for use  
elsewhere even for a limited time training in the former it likely to  
suffer and the intent to the rules will be defeated. It is desirable  
that a vehicle available in a Driving School is not allowed to be  
used for practice of trainees of another driving School. But a Motor-  
Vehicle of another driving school under the same management can be allowed  
to be used for the limited purpose of driving test in another School  
in case of break down of a vehicle or due to some unforeseen circumstances.
