Explanatory Note

(This does not form the part of the above notification, but is intended to indicate its general purport.)

There are complaints about the bad behaviour of conductors of stage carriages. Exhibition of nameplate will help the public to identify the persons and they can file complaint against them if they are not behaving well. Thus, the number of such complaints can be reduced to great extent. This will also help to provide a more responsible public transportation system to the public.

The notification is intended to achieve the above object.
