All Joint Regional Transport Officers

Sir,

Sub: Motor Vehicles Department-Complaint against various offences-Reg
Ref: Petition from Adv.Ahmedkutty Puthalath, JAITHRA, Nadakkavu dated
15-09-2015

Attention is invited to the above reference. In his petition vide reference cited, the petitioner has pointed out buses are operating without speed governors and the buses are running at high speed without caring for the safety of other vehicles. He has also pointed out that almost all buses are fitted with airhorn and the cleaners of the buses are making loud sound by hitting on the body of the vehicles. It may be noted that several directions had already been issued regarding the above violations. However it is once again directed that stringent actions should be taken against the offenders if any of the above violations is noticed.

Yours faithfully
