Sir,

Sub:- **Motor Vehicles Department** – Movement of vehicles with Gas Cylinder –  
Ensuring of Safety Vehicles and men who are engaged in distribution –  
Instructions issued - Regarding

Ref:- Government letter No. 11658/C1/2015/Tran dated 08-10-2015

The Vigilance and Anti Corruption Bureau conducted a surprise check in the supply of Gas Cylinders by the Gas Agencies. During the check they had found that the movement of the vehicle with Gas Cylinders was not in a safe manner. Since the content of the cylinders is highly inflammable and explosive, it requires maximum care during transportation. Hence, all the enforcement officers are required to check the movement of the such vehicles and ensure the safety of both vehicles and men who are engaged in distribution of Gas.

Yours faithfully,
