Circular No.27/2003

Sub:- M.Vs. - Transport Vehicles - Certificate of Fitness - inspection of vehicles - modification - procedure - issued - reg.

Ref:- 1. Circular No. 9/97 dated 2.8.97
2. Circular No.12/98 dated 27.5.1998.

Most of the counter works of Regional Transport Officer's Offices have been shifted to computer and service rendered to public with effect from 1.6.2003. For the effective implementation of the system oriented service, it became necessary to modify certain circulars issued by Transport Commissioner. One of the Circulars that requires immediate modification is Circular No.12/98. The Para '8' of the Circular instructs that if a vehicle is found fit to issue CF, it will be prepared on the spot and issued. The practice of carrying records, and directing the owner to the office was prohibited. But this instructions cannot be followed where CF is issued in computer printed cards.

Therefore para '8' of the Circular 12/98 is modified that if a vehicle is found to fit to be granted CF, from an office where C.Fs. are issued in computerised format, it will be issued from that office on the same day of inspection of the vehicle for fitness.
