

No.B3-45036/TC/88. Office of the Transport Commissioner, Trivandrum
dt. 28-12-88.

CIRCULAR No. 34/88.

Sub: Motor Vehicles Department - Instalment facility for payment of tax - Instruction - issue - regarding.

Ref: D.O. No. 63398/N1/88/PW&T. dt. 22-12-88 of the Secretary Government.

It is seen that there is a tendency on the part of the Bus owners to operate their bus once the Government Order sanctioning the instalment facility is released as the date of payment of the first instalment of tax indicated in the Government Order may, normally be a week or after the date of the order. Whether they remit the tax on that date or not is immaterial to them for operating the bus till that date. This is not admissible. The intention of the Government is that when instalment facility is sanctioned the bus owner shall not be able to operate his bus till the first instalment of tax is remitted. Instalment facility will become operative only from the date on which the bus owner remits the 1st instalment of tax and the Taxation Officer makes the endorsement with the date to the effect that in the R.C. of the vehicle. No bus owner shall be allowed to ply his bus without remitting the first instalment of tax if he has obtained a Government Order granting instalment facility for the payment of arrears of tax. All concerned are directed to observe the direction in its true sense so that evasion of payment of tax can be prevented. The receipt of the Circular should be acknowledged.
