

No. 31/34984/TC/93

Head Office,
Motor Vehicles Department,
Thiruvananthapuram,
Dated: 8.2.2000.

From

The Transport Commissioner,
Thiruvananthapuram.

To

All Deputy Transport Commissioners,
All Regional Transport Officers and
Joint Regional Transport Officers.

Sir,

Sub:- M.Vs.- Taxation - Realisation of Higher
rate of tax in respect of Maruthi Zen
direction- issued - reg.

....

As per the technical specification issued by
M/s Maruthi Udyog Ltd., the ULW of Maruthi Suzuki Zen
ranges from 755 Kg. to 830 Kg. As per the approval
Certificate of Maruthi Zen (MH 410 F) the ULW is 778 kgs.
The rate of tax (One Time Tax) to be levied from such
vehicles as per the taxation schedule is Rs. 18,800/-.
But it has been noticed that certain registering
authorities are registering Maruthi Zen denoting the ULW
as 730 kgs and collecting tax at the (One Time Tax)
rate of Rs. 14,000/- instead of Rs. 18,800/-. Certain
dealers are issuing sales certificate in form 21 with
less ULW than the approved one.

In the circumstance all the registering authorities
are alerted in the matter and directed to realise the
tax in respect of Maruthi Zen vehicles of the rate of
Rs. 18,800/-. They are also directed to initiate urgent
steps to realise the difference of tax from those
vehicles which were taxed wrongly. Regional Transport
Officers and Joint Regional Transport Officers are also
informed that the Accountant General has already located
this laps and included in various local audit report.
Any inaction in realising the short levy will lead to
the inclusion of the short levy in the report of
Controller and Audit General of India.

Yours faithfully,

Sd/-

Senior Deputy Transport Commissioner,
(Taxation)
for Transport Commissioner.
