

MIT-3/38778/TC/2002

Transport Commissionerate,
Thiruvananthapuram
Dated: 24/07/2013

From

The Transport Commissioner, Kerala
Motor Vehicles Department

To

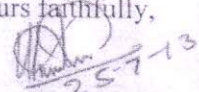

All DTCs and RTOs

Sir,

Sub: - Motor Vehicles Department - Pollution Testing Centres - reg.
Ref: - 1. Letter from Association of Authorised Pollution Testing Stations
dated 12/07/2013
2. Circular No. 2/2007, 13/08

Attention is invited to the reference cited. It is stated that many applications for renewal of licence are being rejected on the ground that the equipments are not upgraded. In this regard, it is informed that the Circular No. 02/2007 defines only the norms to be adopted for testing the diesel machines. In Circular No. 13/2008, models of vehicles which can be tested with existing machines are specified. Therefore, it is informed that licences can be renewed for testing those models which can be tested with existing equipments if the license holders do not upgrade their equipments to test later model vehicles.

Yours faithfully,

Joint Transport Commissioner
For Transport Commissioner
