Attention is invited to the above reference. Vide reference cited it was informed that the Mass Emission Standards, Bharat Stage IV, shall be applicable in the State in respect of four-wheeled vehicles manufactured on or after the 1st April, 2016, except the four wheeled transport vehicles plying on Inter-State Permits or National Permits or All India Tourist Permits within the jurisdiction of the State and all were directed to implement the same stringently. But it has come to the notice that in some offices the above provision is made applicable only for four wheeled vehicles only.
