C1/170/2020/TC & C1/76/2020/TC

Decision: The Hon'ble High Court of Kerala vide judgment dated 22.09.2020 in WP(C) No. 6680/2020 and connected cases has quashed the decision taken in the STA meeting held on 09/01/2020 on account of lack of required quorum.

In view of the judgment of the Hon'ble High Court, the matter again placed in this meeting and decided to implement the decisions taken in the STA meeting held on 09.01.2020 with out any modification.

"At present there is no uniform colour code prescribed to the Contract Carriages plying in the State. It can also be seen that the colour of most of the contract carriages are awesome with figures of film stars, international players, pictures of wild animals, birds and with peculiar type of colour combinations as per the whims and fancies of the painter rather than that of the owner. These gigantic paintings often attract the attention of other road users and causing accidents. Moreover the Honorable High court of Kerala in its judgment in WP (C) No. 24417/2019 dated 01.10.2019 declared that, exhibition of gigantic figures of film stars, writings etc, on the bus body and safety glass shall not be allowed." Therefore uniform colour code is to be specified taking into consideration of all this factors and road safety concerns.

STA considered the matter in great detail and felt the necessity of implementing a uniform colour code for all the Contract Carriages permitted in the State. The following colour code is specified.

M R Ajith Kumar IPS
(Chairman STA, ADGP &
Transport Commissioner)

Gogulloth Lakshman IPS

"The Contract Carriage vehicle shall be painted in **white colour** (hex colour value = #ffffff) with a **violet** (hex colour value = #5100a3) ribbon of 10 centimeters width with a **metallic gold** (hex colour value = #cccc5d) ribbon of 3 centimeters width above the violet ribbon (with a gap of 1cm) at the centre of the exterior of the side body.

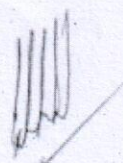

The name if any may be painted at the top of the front side of the vehicle with a normal font with size not more than 12 inch in white colour".

Name of the Operator or any other details if any as prescribed by law may be painted in a column not more than 40 cm height at rear portion of the vehicle and full width of the vehicle.

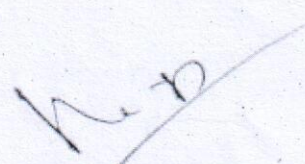

The said decision shall be implemented from **01/01/2022** for new Contract Carriages. In the case of other Contract Carriages the colour code specified shall be complied from the date of renewal of Certificate of Fitness.

Department Item No. 2

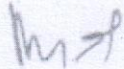

Agenda: To consider the implementation of uniform colour scheme to all fresh water tankers in the state under Rule 264 of KMV Rules

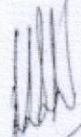

Applicant: Recommendation from the Kerala Niyama sabha Secretariat meeting dated 05/12/2019

CI/134/2021/TC

Decision: The Hon'ble High Court of Kerala vide judgment dated 22.09.2020 in WP(C) No. 6680/2020 and connected cases has quashed the decision taken in the STA meeting held on 09/01/2020 on account of lack of required quorum. In view of the judgment of the Hon'ble High Court, the matter again placed in this meeting and decided to implement the decisions taken in the STA meeting held on 09.01.2020 with out any modification.

At present there is no uniform colour code prescribed for fresh water tankers permitted in the State.

Kerala Niyamasabha Secretariat committee in its conference held at Eranakulam on 05.12.2019, on complaints regarding the supply of contaminated water from the quarries as drinking water, recommended to implement uniform colour patterns to all water tankers in the state according to the nature of water it carries. The committee also recommended to implement GPS for all water tankers compulsorily.

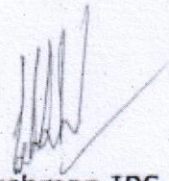

STA considered the matter and perused the proposals of the Kerala Niyamasabha Secretariat committee and decided to implement uniform colour code to water tankers plying in the State as follows.

- a) Fresh water tankers - **Blue** colour
(Hex colour value = #0859c6)
- b) Other purposes - **Light Brown** colour
(Hex colour value= #b5651d)

The State Transport Authority also decided to implement GPS for all water tankers.

The said decision shall be implemented from **01/01/2022** for new Fresh Water Tankers. In the case of other fresh water tankers the colour code specified shall be complied from the date of renewal of Certificate of Fitness.
