All Joint Regional Transport Officers
All Motor Vehicle Inspectors of Boarder Check Posts

Sir,

Sub: MVs .Department - Fees receipt number - Duplication in the Data base
instruction –Regarding.

Ref: Report received from System Supervisor

It has been noticed that in several offices, the receipt number entering according to the will of the counter clerk is indiscriminately generated and issued to customers. Hence in every year, the same receipt number gets repeated 44 to 66 times.

For example, at Kazhakkuttom SRTTO in 2014, so far receipt number 2310 has been repeatedly given to 66 customers; due to mistakes committed by sections concerned.

It is hereby directed that in future, the 7 digit number, pre printed in the Fee receipt TR5(C) application, may be entered in the software in addition to the automatically generated inward number and one receipt number shall not be repeated in one office henceforth. Any deviation noticed in this regard will be dealt with strict disciplinary action

Yours faithfully

2014
Transport Commissioner
