Ref:-This office letter C4/13951/TC/2011 dated 12.08.2011

In the meeting of Regional Transport Officers and Joint Regional Transport Officers convened on 09.08.2011 at the Conference hall of Trans Towers, it was announced that the packets of leaflet, concerning road safety will be taken in their return journey for the distribution of the same among the traveling public. It is noticed that most of the officers of the department did not take the leaflets with them. This shows the indifferent attitude of the officers of the department towards road safety. Therefore all Regional Transport Officers and Joint Regional Transport Officers who did not take the leaflets in their return journey and came by departmental vehicles will not be paid the diesel charges for the journey and meet the expenses from their pocket. Moreover no TA will be allowed to claim for the journey performed by them for this purpose on 09.08.2011 for this dereliction of duty.

In the circumstances, all officers of the department shall strictly adhere to the above instructions. The instructions should be got noted by all officers who attended the meeting. Please acknowledge the receipt of the reference by return.

Yours faithfully,
