Sir,

Sub:- Motor Vehicles Department- Request for taxi registration- reply -reg

Ref:- Your letter dated 20/07/2022 addressed to Joint RTO Thodupuzha

Kind attention is invited to the reference cited.

In response to your letter it is informed that Speed Limiting Device for BS VI vehicles are internally programmed. An external device fitted may not limit the speed. So it is not advisable to fit an external Speed Limiting Device for BS VI vehicles. If the applicant desires to register the vehicle as Motor cab he has to choose the vehicle having internal programmed Speed Limiting Device

Yours faithfully
