ROULAR No. 23/88

August, 1988

Sub:- ~~Motor Vehicles Department~~ Consolidation of D.C.B.
Statement - Certain irregularities noticed -
~~rectifications~~ - instructions issued -

Ref:- ~~D.C.B. Statement received from various R.T.Os. in~~
~~the State.~~

Ref: ~~2~~ Circulars. 28/78,

On a scrutiny of the D.C.B. Statements received in this office, it has come to notice that some of the Regional Transport Officers/Joint Regional Transport Officers while indicating the Additional tax and surcharge against the column "Collection", deliberately avoid showing such figures against the column "Demand" in order to show the collection high. Such practices must stop. The Additional tax and surcharge shown under the head 'collection' should be shown in the column 'Demand' also so that the 'Collection' will tally with the "demand".

The Regional Transport Officers/Joint Regional Transport Officers are therefore, requested to take note of the above directions and bring it to the notice of the Circle Clerks/Supervisory Officers concerned for strict compliance.

The receipt of the Circular should be acknowledged, by return.
